Xiaomi Smart Band 10 Fitness Tracker

Specifications

- Product: Smart Band
- Model: M2459B1
- Battery Type: Lithium-ion polymer battery
- Battery Capacity: 233 mAh
- Input: 5.0 V ⎓ 500 mA Max.
- Water Resistance: 5 ATM
- Operating Temperature: 0°C to 43°C
- Net Weight: 27 g (Including strap)
- Item Dimensions: 46.6 x 22.5 x 11 mm
- Adjustable Length: 135–210 mm
- Bluetooth Frequency: 2402–2480 MHz
- Maximum Output: ≤14.5 dBm
- Wireless Connectivity: Bluetooth® 5.4

Precautions

1. Wear the band around your wrist about one finger's width away from your wrist bone. Wearing the band too loosely may affect the accuracy of the heart rate monitoring data.
2. When using the band to measure your heart rate, please keep your wrist still.
3. The band has a water resistance rating of 5 ATM (50 metres depth). It can be worn in the swimming pool, while swimming near the shore, or during other shallow-water activities. Furthermore, remember to avoid the band being directly impacted by swift currents during water sports. The water resistance function is not permanent and may diminish over time.
4. The touchscreen of the band does not support underwater operation. When the band comes into contact with water, use a soft cloth to wipe away excess water from its surface before use.
5. During daily use, avoid wearing the band too tightly and try to keep its contact area dry. Please clean the wristband regularly with water.
6. If the contact area on your skin shows signs of redness or swelling, stop using the product immediately and seek medical assistance.
7. This band is not a medical device. Any data or information provided by the band should not be used as a basis for diagnosis, treatment, or prevention of diseases.
8. This product is not a toy and contains small parts. Please keep it out of reach of children to prevent choking or other injuries caused by accidental swallowing of small parts.

9. The lithium battery in this band cannot be removed. To avoid damage to the battery or the band, do not replace the battery by yourself. There is a risk of explosion if the wrong type of battery is used. Do not dispose of used batteries with household waste. Dispose of this band and use of batteries in accordance with local laws and regulations.
10. Do not disassemble, strike, crush or throw the battery into fire. Stop using the product immediately if there is any swelling. Do not expose it to sunlight, fire or environments where the ambient temperature is extreme.
11. When planning not to use the band for a long period of time, it is advisable to turn off the band and store it away. To avoid damage caused by the over-discharge of the battery, fully charge the band every 6 months.
12. The lithium battery in this band cannot be removed. Do not replace the battery by yourself.
13. Do not put the battery into a fire or a hot oven, or mechanically crush or cut the battery, which could cause it to explode.
14. Leaving the battery in an extremely high temperature environment may result in an explosion or the leakage of flammable liquid or gas.
15. Subjecting the battery to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
16. Keep the product's indicator away from the eyes of children and animals while the product is in use.
17. Use only the included or manufacturer-approved charging cable compatible with this model. If the band overheats or fails to charge, disconnect it immediately to prevent damage.
